

In the dark

The west half of Haliburton County was thrown into darkness Sunday evening and early Monday morning as a conductor on a main feeder line near Mountain Lake burned out.

The electricity was off for about five hours. Homes and businesses from just south of Carnarvon, through Minden to Kinmount and Norland were affected. The break also interrupted power east to the main transformer station on Highway 121.

According to Minden district manager Cal Wilson the problem appears to have been caused by lightning. "The conductor appeared to have been struck by lightning sometime prior to Sunday night and it wasn't until Sunday evening that the

conductor finally broke," the manager explained. He pointed out that while some residents to the south of the blackout area may have seen lightning, the flashes were from a storm passing to the south and had nothing to do with the break here.

The conductor was located on a main line feeding the Minden and Kinmount distribution stations. Hydro crews were hampered in finding the exact location of the break because the damaged conductor was not located in an easily accessible spot.

Wilson explained that high water in the area swamps also caused the work crews problems as they attempted to locate the problem. The wet conditions made it difficult for the crews to isolate the broken conductor so that

power could be restored to other areas and repairs could be carried out.

The power outage occurred at 8:15, although some in other areas continued for a short while. Hydro services were back to normal at 1:30 Monday morning.

The power break caused businesses in the area to close early while residents were forced to do without their televisions and electric radios. Other than minor inconveniences there were no problems as a result of the break.

Minden Red Cross Hospital and Hyland Crest Senior Citizens Home activated their emergency generators and were able to maintain essential services during the power break.

(more on page 6)

Blowing up a storm, despite an errant lock of hair, a member of the Canadian Golden Knights Marching Drum & Bugle Corps, marches up Main street during the Rotary Carnival parade. The annual event drew a large crowd of onlookers. More pictures on page 5 and throughout this edition.

VOLUME II No. 41

Wednesday, August 6, 1980

Straining into the final few yards during the annual Stinson Memorial Canoe Race, Ken Reeves and Ray Healy cut a swath through the Gull River water. The paddlers were first to cover the course from Rotary Park to the Main Street bridge. The first camp entry, and second finisher, was a Camp Kandalore canoe paddled by Tom Connell and Charlie Moir.

Theft charge laid following farm break-in

A Haliburton man has been charged with break, enter and theft of a farm building near Haliburton. The charge states the theft involved goods valued at more than \$200.

Charged with the theft of an antique kitchen hutch valued at \$500 is Brian D. Perrin.

Police report that the thief entered the farm, owned by Peter Douglas, through a door, removed the hutch by truck and sold it to another person in the Haliburton area.

Constable Al Bibby reported that the theft took place between June 14 and July 28.

Found bikes

The Minden OPP report that three bicycles have been found and turned into the office.

One was found on July 8 in

Haliburton Village, another was found July 11, near the Minden Arena, and the third was found July 18 on Highway 519, west of Lochlin.

There are two 10 speed bicycles and one 5 speed bicycle currently in the OPP compound.

The bicycles will be returned to the owners if they contact the Minden OPP and if they provide a complete description of their missing bicycle.

\$2000 damage

Two thousand dollars damage was done to a London woman's car in an accident that took place last Thursday.

Joyce Hilton, 36, was driving a 1977 model car west

on Highway 121, east of County Road 3 when she lost control and struck two guide posts on the shoulder.

Constable Mike Smith reported the woman suffered slight injury. The time of the accident was 12:15 a.m.

Rolls

A 19 year old Acton man was taken to Haliburton Hospital with a minor injury after an accident late Friday night.

James Jordan was travelling south in his 1971 car on County Road 7 when the vehicle went onto the shoulder and rolled into the ditch.

Jordan has been charged with operating an unsafe vehicle.

Constable Ron Buchanan investigated the accident.

Library-Cultural Centre fund receives \$25,000

A major boost for the Minden Library-Cultural Centre building fund was received last week. A grant of \$25,000 for the construction of the new building was announced by the Ministry of Culture and Recreation in Toronto.

The announcement followed meetings between ministry officials and representatives of the community. Those who met with ministry officials attended to seek support from

the Wintario Lottery funds for the new centre.

The building does not qualify for support under the lottery funds and the group was pleased to learn that the Ontario government was willing to make the money available through the grant for cultural support in the province. The grant is used strictly for capital purposes.

According to an announcement the provincial funds can be used to further programs

relating to visual and creative arts.

Members of the group who attended the Toronto meeting included Victoria - Haliburton MPP John Eakins, Anson, Hindon and Minden Reeve Sinclair Nesbitt, committee members Dr. Harold Vaughan, Dr. Agnes Jameson and Ruth Gorrie and David Johnston a planner with Nicol and Johnston, who have been helping with the initial stages of the new building.

The \$25,000 boost means that the committee's drive for funds has now topped the \$30,000 mark. The target for the project is over \$50,000.

The committee has also been active during the summer months in its fund raising efforts. A number of raffles and bake sales have been held. As well, an art show and sale held recently at Hyland Crest had added to the building fund.

Volunteers from the committee have also served refreshments at three auctions held in the area during the summer months with the proceeds going to the building. A raffle for an oil painting by Beth Parker of Lutterworth is currently being held.

The committee is also planning a special promotion for the fall fair later this week. Visitors to the fair can visit the Library-Cultural Centre booth and discover how their family name can appear on the wall of the new building.

The extra boost in funds has also been accompanied by activity at the building site on Bobcaygeon Road north. Municipal equipment has been on the site recently raising the grade and preparing the area for the construction of the cement pad.

July Weather

- by Phil Graham -

Average high	25
Average low	11.6
Average for month	18.2
Average for last July	18.8
Highest temperature July 19	29
Lowest temperature July 3	4
Rainfall 5.8 in.	147.6 mm.
Days with thunderstorms	7
River water temperature July 31	74 F
	23 C

The average temperature for July was only half a degree different from last July, but the rainfall and humidity was another story.

Rainfall was doubled from last July. Three inches last year, almost 6 inches this July, a record here as well as for all southern Ontario.

Lake claims youth

A 13 year old boy from Bramalea lost his life over the weekend when he drowned in about 10 feet of water on Glamour Lake.

Glen Michael Humphries and his father were swimming when Glen went under about 30 feet from shore.

Two neighbours recovered the body and attempted to revive him using artificial

respiration but their attempts proved fruitless.

Humphries was pronounced dead on arrival at Haliburton Hospital by Coroner Dr. H. E. Good of Haliburton.

There will be no inquest or post mortem.

Investigating officers were Constable Barry Connelly and Corporal Stevens. The time of the accident was 6:40 p.m.

FROM THE CHAMBER

By Bob Stinson

Another excellent book for the history of Haliburton has just been released. Mr. Ed Devitt, a former director of Camp Comak on Lake St. Nora has done an excellent job of compiling this most interesting book. It has been prepared on a large 8 1/2" x 14" format and contains 84 pages of maps, pictures and detailed background on Minden, Haliburton and Dorset regions.

Mr. Devitt after spending most of his life in this area wanted to contribute something meaningful to the country he loves so dearly. He has spent over 2 years preparing this book and if the 1,000 copies he has had printed are all sold he will recover his cost. From what we have seen so far, the available copies will be snapped up fairly rapidly so we do suggest you obtain yours without delay.

Copies of the book are available at \$6.95 through our Chamber of Commerce office on the by-pass at Minden or at Mae's in the village of Minden, Brohm's Variety, Candlewood, the Rail's End Gallery, and the Haliburton County Library and on Highway 35 north of Hall's Lake at Kushog Corners and the Welcome Centre of the Leslie Frost Resources Centre. In the Village of Dorset it is available at Robinson's Store, Clayton's, the Candlewood, Dorset Garage and Murray McEachern Real Estate.

Water levels meeting cancelled

One of the main topics of conversation around the County this summer is water levels. The County Water Levels Committee was established 3 years ago and is still meeting on a regular basis, but had to cancel their meeting scheduled for a week ago last Sunday. Murray Fearrey who is the Chairman of the Committee was stranded up near Kennis Lake by one of the many road washouts we have been experiencing and therefore unable to chair the meeting.

It was not all that long ago that officials of Parks Canada were voicing some concern as to whether our reservoir lakes could be filled to anywhere near capacity this spring. The concern was as a result of the light amount of snow received here in the past winter and the subsequent light run-off this spring. The incredible amount of rain received since that time has created just the opposite problem.

They are now faced with not being able to get rid of the water fast enough that is in the system. All of our lakes are at or near capacity, and lakes downstream from us on the Trent System are above capacity. Gull River flowing through Minden is well over its banks, a condition local residents are used to seeing for about 2 weeks in the spring but never in July.

It is evident that the Trent-Severn people are struggling to make the best of a bad situation and that nature is simply not co-operating. On the other hand it is also obvious that there are some inadequacies in the system which should be dealt with as a long-range solution. The committee has insisted in the

past that if our lakes are to be used as a reservoir system, other facilities must be built in to provide for flood control.

Waiting for your ship to come in

Just this week as we sent out our promotional material for this year's Marketing Plan we received a brochure from the Great-West Life Assurance Company with a very appropriate poem enclosed. Think about it:

There are many who wait for their ships to come in,
For their ships to come in from the sea,
This question they ask, as they watch and wait
"Will a ship come home to me?"

The answer comes swift from a voyager old,
A voyager weathered and gray:
"Have you sent forth a craft with a cargo, friend?
A craft that might come in today?"

There are many who long for their ships to come in,
That they from their cares may be free;
But how could a ship come home to them
When they've sent no craft to sea?

Make Swimming a Family Affair.

Sixteen year old Craig Coneybeare landed a hole in one July 29 at Beaverbrook Golf Course in Minden. The ace came on the 130 yard, par three, eighth hole. Craig was partnered by Jane Savage, Paul Saunders, Toronto and Gord Argo of Kitchener who witnessed the event.

New event draws crowd

One of the newest additions to the annual Rotary Carnival this year was a turkey shoot held Sunday at the Haliburton County Marksmen Club range north of Minden.

Ideal weather conditions Sunday helped to swell the crowd of participants and on-lookers.

Co-ordinated by the marksmen club in co-operation with Rotary, the shoot offered an opportunity for novice shooters to try their luck with various kinds of firearms. One of the purposes of the shoot was to involve visitors to the area in an activity that is rapidly becoming a popular sport in the county.

The prizes for the day,

despite the name given to the afternoon contest were frozen chickens.

The winners in the various events included:

Handgun: M. Hunt, D. Tedford, B. Anderson and Gerald Cox.

.22 Rifle: S. Allore, Chris Lodenquai and G. Schweigl.

High power rifle: Peter Bennett, L. Forsythe, U. Toutant and G. Bradmore.

Shotgun: Pete Anderson, Brian Anderson and L. Forsythe.

Youth injured in boating mishap

A 15 year old boy suffered scrapes and bruises in an accident in which a 21 year old Toronto woman has been charged with dangerous boating.

A canoe with three people in it was on Koshlong Lake when Marilee Ann Egoroff, passed in a motor boat, the wake almost swamping the canoe.

She made a second pass, this time striking the boy who was in the middle of the canoe, while the propellor damaged the side of the canoe.

The boy was taken to Haliburton Hospital.

The incident occurred on July 31 at 4:30 p.m. Constable Barry Connelly was the investigating officer.

John Deere "Mid Summer" SPECIAL

Buy now and save! No monthly payments or finance charges due until next year.*

Buy a new John Deere 200-, 300- or 400 series Lawn and Garden Tractor and all the equipment to go with it before September 30, 1980 on special John Deere Finance Plan terms.

With a normal down payment (your trade-in may be enough), regular monthly installments will not begin until March 1, 1981. Finance charges will begin on February 1, 1981. On February 1, 1981 you may elect to either pay the remaining principal balance owing, or continue the John Deere financing agreement.

Editorial

An important link

The time has come for citizens of Haliburton County to take a long hard look at the rail line which links Haliburton with Lindsay.

The Canadian National Railways currently has an application before the Canadian Transport Commission, the federal regulatory agency responsible for railways in Canada, to abandon the rail line. To many this application may seem to be a moot point since, for all intents and purposes, the line has already been abandoned by the CNR since a washout two years ago near Kinmount made the use of it unsafe. The CNR has claimed since that time that the amount of traffic on the line is simply too low to warrant having the problem repaired.

We understand that the estimate of the cost of the repair, offered by the railway, is unrealistically high. There are few who can refute the figures being suggested by the railway. However, if the cost of repair is inflated, it wouldn't be surprising as the railway appears to have little interest in putting the line back in shape anyway.

The line is currently not being used so, if the CTC accepts the railroad's suggestion that the line be abandoned, county residents would, for the moment, lose nor gain nothing. However, the citizens of the county should not just consider the present use of the rail line in attempting to estimate its value. Certainly the potential for development that the rail line represents is what the county must strive to protect.

The Haliburton County Economic Development Commission has been quietly, but steadily investigating various avenues of industrial growth for the county. It has also started to collect a library of information on all aspects of the county, information that could be most useful in attracting manufacturing concerns. On another front, progress appears to have been made in convincing federal and provincial authorities that this area should be included under the DREE scheme.

All this activity may be time and money down the drain if the CTC allows the CNR to abandon the rail line.

Transportation, for both raw materials and the finished product, is one of the most important ingredients in the manufacturing process. We believe the fact rail services provides an energy efficient means of transportation will become increasingly important in the years to come. As well, as has been said in the past, Haliburton does not have the efficient transportation networks that favour areas like Muskoka where rail, highway and air facilities have attracted many manufacturing concerns.

This is an important point. To cut off the only rail link this county has with the rest of Canada would leave us totally dependent on the highway network. Manufacturers that require or who would appreciate the option of using rail service will end up looking elsewhere for a location if the line from here to Lindsay is lost.

Recently a proposal was put forward by several individuals in Lindsay for the creation of an excursion train, featuring a steam engine and period cars, between Lindsay and Haliburton. The proposal is currently the topic of a study being carried out by representatives from both Haliburton and Victoria counties.

This potential development is another reason the line should not be allowed to close. In addition to the tourist attraction of the antique railway, we can foresee a day when weekend excursion trains from Toronto and other points to the south, will bring vacationers and cottage owners to the Highlands, avoiding both the high cost of gasoline and the congested highways.

The rail line is very important to the future of this county. It is not what the two rusting bands of steel represent now, but rather the part they could play in the future development of Haliburton that should be considered by the commission. For that reason alone we all have an obligation to ensure the CTC is aware of the concern of citizens of this county about the application to abandon the line.

Carnival lights

Trent Severn Waterway News

From July 24 to 27 the increased flows were beginning to reduce the high levels of all the lakes in the Trent-Severn system. This resulted in the average depths declining from about 93.5% to 90.5% by July 28. The rain came again, however, and by July 31, the average reservoir depths had increased to 93.3%. Controllable flows have been maintained, at about the same amount through the week so that river reaches affected by the flow like Shadow Lake and Lower Burnt River would be affected the least possible. Burnt River uncontrolled inflow has been reducing after a sharp increase, and without rain,

because the lower lakes (Twelve Mile to Moore) were still using slowly on July 31.

Conditions similar to this occurred in 1967 when the Trent-Severn Waterway closed for navigation. For 11 days on the Trent and 21 days on the Severn River through navigation was halted while large amounts of water were discharged from the system to restore proper levels. The resulting high velocities in certain sections made them too hazardous for navigation.

At this writing the conditions are not quite as bad, but if heavy rains recur within the next two weeks there is the possibility of having to close for navigation as in 1967.

Letters Letters

Editor:

In reference to your report on page 3 of The Times, Wednesday, July 30th edition, under the heading "Another delay in noise trial", an error in reporting of factual events has been committed by your newspaper and I wish to quote in verbatim, "a complaint was signed by a member of the community, Gord Monk, and the Municipality formally pressed the charge under its noise bylaw".

It is my understanding that there were several written complaints and I object to being singled out, when in fact no names need to be mentioned.

Unfortunately, there have been rumours circulating and they have come directly back

Sunny dry weather would of course help greatly to reduce the water surplus.

60th anniversary exhibit

The Trent-Severn Waterway's travelling exhibit celebrated 60 years of through navigation on the system, is now heading for Barrie, Orillia, and Midland.

So far the exhibit - mounted on a 60 foot construction scow and towed by the Tug Trent, have been attracting about 500 people a day during stops at locks and towns along the waterway.

Because the tug has to manoeuvre lashed to the side of the scow, it's a tight fit in the locks - about 5" free room on either wall. Lockmasters have been looking a little apprehensively at the giant raft as it looms closer to their gates.

Stops at Orillia (Aug. 7 to 10), Barrie (Aug. 13 to 17) and Midland (Aug. 23 to 27) are planned, with additional visits to Severn River locks.

History project

The Trent-Severn's project to record the life and times of the waterway continues this year with special emphasis on the Rice Lake and Trent River section. So far, interviews with former canal employees, resort owners, guide and early construction workers have yielded a good harvest of remembrances and photographs.

to me that because of my complaints, entertainment is going to be stopped at the Rockcliffe, and that I am trying to close the hotel. Nothing could be further from the truth.

Every business and every family in this community has rights and they should be respected, conversely, if those rights are violated, the individual has a right to complain. I am not denying the fact that I complained, all I have ever asked for is a little peace and quiet after midnight, so that my family members and my business are not victimized by unnecessary noise.

Hopefully this will set the record straight.

Gordon A. Monk,
Minden.

Mainstream Canada

An Intriguing Change

By W. Roger Worth

The operators of Canada's thousands of tourism-related businesses find they are attracting a strange new breed of customer, not that they're complaining.

The "unusual" new customers: they're Canadians from other parts of the country.

More and more, it seems, Canadians are vacationing in Canada, and with good reason.

For one thing, energy prices are cheaper at home, and there has been a big advertising and promotional push from the provinces to get us to visit another region, rather than another country.

Roger Worth is Director, Public Affairs, Canadian Federation of Independent Business.

The devalued Canadian dollar has also helped. Overseas travellers report horrendously high air, hotel and food bills, and even exchanging our dollars for the U.S. variety costs a minimum 15%.

The major airlines and other transportation companies have also played a role in the new "see Canada first" attitude. They have reduced some fares and generally made it easier for Canadians to get to know and understand their own country.

While the change is benefiting the country's international trade balances, the real winners are the entrepreneurs operating tourist establishments.

These are the smaller, seasonal restaurants, camp grounds, hotels, motels, cottages and entertainment businesses that are the backbone of the summer economy in many parts of the country.

Without them, unemployment would be much higher, and students seeking a method to earn enough money to finance a year at university or community college would be out of luck.

What's intriguing is that Canadians finally seem to be learning about the vast array of vacation choices that exist in their own country. It's about time.

Man charged

A 20 year old Hamilton man has been charged with careless driving after an incident on Saturday. James L. Bridge was driving his 1968 car east on County Road 8, near Dorset when he lost control on the shoulder and struck a rock face on the opposite side of the road. There was \$3500 damage to Bridge's car. In addition to the careless driving charge, Bridge was charged with failing to report the accident immediately to police. Constable Mike Smith investigated and reported the time of the accident was 1 a.m.

Hustlers still on top

As the regular season of play draws to a close the Minden Rockcliffe Hustlers continue to dominate the Tri-County Fastball League.

Playing in Minden July 30, the Hustlers downed the Lindsay Seniors 5-4 in a game that went into extra innings. Barry Shaw brought home the winning run for the Minden team.

Craig Stamp was the winning pitcher.

The Hustlers wind up the season tonight (August 6) as they meet Bobcaygeon at the Minden diamond.

This weekend the team plays host to the annual Fall Fair tournament. Organizers hope that eight teams from Haliburton and Victoria counties will be on hand for the weekend affair.

Kayak winners

The kayak races held in conjunction with the Rotary carnival provided some interesting entertainment for spectators along the Gull River Thursday afternoon.

An invitation had been extended to all camps in the area to enter contestants but only paddlers from Camp Kandalore participated. These were the standings:

13 year old class: first Sam "Goody" Goodman, second Craig McRae, third Franklin Mintzbert.

14 year old class: John Chisnal, Mark Henderson, David Humphries.

15 year old class: Benji Waldman, Scott Young, Neil Cohen.

Staff race: Rob Henderson, David Lombardi, Keith Martin.

Black-out

(from page 1)

Perhaps the largest group to be affected by the outage was the audience at the Minden arena. Youths had gathered at the arena for one in the series of rock concerts planned for this summer. According to arena manager Brian Sisson the crowd filed out of the darkened building in an orderly manner and headed home without the sound of rock music ringing in their ears. The patrons received a refund.

Hydro manager Cal Wilson stated that reports of a beaver dam washout being responsible for the break was untrue. He said a beaver dam in Lutterworth Township gave way Sunday evening but, while a road sustained some damage from the water, the hydro poles were not affected.

Let's
run around
together.

Records fall as runners battle fresh gravel and crowd

Records once again fell by the wayside this year as the annual Heineken Yard Race was held in Minden.

The 4.5 mile course was covered in 23 minutes six seconds by Ken Buckley of Scarborough, bettering last year's time of 24:17 set by Wayne Rosen.

Runners were somewhat perturbed by the fact that a major portion of the course was being oiled and freshly gravelled during the event. The race traditionally starts at the gates of Onondaga Camp and follows County Road Two to Minden. The freshly laid gravel and fumes from the new oil proved to be an irritant to more than a few runners.

However, the times seem to indicate that the re-surfacing of the roadway had little to do with the outcome of the race.

A record was set in the ladies' open division with Nancy Crump of Scarborough covering the course in 32:31. She broke last year's time of 33:32 set by Nancy Barker.

Jerry Gonser turned in a time of 26:39 to lead the masters division. The 1979 time for that division was 33:46 set by Peter Lazier.

Not to be outdone by the senior runners at least one youngster not only entered the race but completed the course, pounding the pavement beside her father. Ten year old Kristen Boyer of Fonthill, Ontario, completed the course, step by step, with her dad.

There appeared to be a great deal of confusion as the

Ken Buckley, winner of the Heineken Yard in 23.06 (a new record) holds his arms up in triumph.

runners neared the finish line of the event at the Rockcliffe Hotel. Spectators, crowding forward to get a better view made it difficult for the runners to find the line they were to cross. One runner lost three seconds as he attempted to avoid the crowd at the end of the race.

The following times were

recorded for the event:

Men's Open: first, Ken Buckley 23:06; second Robert Moore 23:41; and third Craig Stevenson 23:44.

Women's Open: Nancy Crump 32:21; Robin Heaton 33:43; and Kim Vinnels 35:05.

Men's Masters: Jerry Gonser 26:39; Ron Trimbell 28:58; Bernie Eckler 30:28.

Here are the top ten finishers in the race: Ken Buckley 23:06; Robert Moore 23:41; Craig Stevenson 23:44; Bob Hetherington 24:07; Bob

Marcotte 24:57; Tom O'Reilly 25:03; John McCallum 25:50; Tim Payne 26:06; Jerry Gonser 26:39; and John Burltrop 27:00.

A carnival of crafts

As part of the Rotary Club's Pioneer Days festivities, an interesting and varied arts and crafts display and sale was held.

Times reporter Sue Scott talked to three of the artisans to find out how they manufacture their products, how they started their businesses and the unusual features of their particular crafts.

Some people have a green thumb and some don't.

For those people who don't, an "air plant" may be just the answer for the struggling gardener.

These attractive and exotic plants are a combination of wood into which a plant known as Tillandsia, from the pineapple family, is grafted.

Gilbert Lecomte and Michael Gorrin are co-creators and co-owners of Haitillandsia Inc. which has its base in Waterdown, Ont. The business started three and a half years ago as a hobby but Lecomte said they didn't take it seriously until about a year and a half ago.

The plants are native to South and Central America, Texas and even parts of Florida. They can be found growing on tree branches and rock.

Tillandsia plants are epiphytes, which means they obtain moisture and nutrients through cells on their leaves not through the root system like many other plants.

The wood used is imported from Mexico, and is called manzanita burl. However, Lecomte said that any kind of wood can be used.

A silicone glue is heated and a knife-like seateur is used to graft the plant to the wood.

To remain healthy, the plants need indirect lighting and a heavy spray-misting two to three times a week.

"Plants have always been my specialty," said Lecomte. "And we try to make things that no one else does."

Lecomte and Gorrin also sell Bonsai, a miniature Japanese tree and what are known as Oriental gardens.

What began as a hobby has expanded into a nation-wide business with offices in Waterdown, Montreal and the newest location in Vancouver.

There are many varieties of the Tillandsia plant and like snowflakes, no two are the same.

Stained glass

Last winter, Barbara Burnell registered her husband, Wright, in a stained glass art course.

Today, working from their home in Orangeville, he says, "We try to produce one new product a month and if it sells we continue with it, if not, we try something else."

Everything Burnell makes is derived from his own designs. Office supplies like lamps and decorations and home items including a kleenex box cover that fits right over the box itself. Burnell said that this is one of the rarest designs.

He explained the two main techniques used in designing a stained glass product.

The tiffany method involves cutting the stained glass on patterns, like one would in sewing, then copper foil is soldered on to join the glass pieces together.

It is then washed in hot water and soap then kept clean with window cleaner.

The traditional method is the one usually reserved for church windows and Burnell rarely uses this.

The glass must be imported, said Burnell because there are no manu-

facturers in Canada.

He said he hopes to open a studio soon in Village By The Grange in Toronto. He also plans to teach classes in stained glass art.

In addition to the glass work, Burnell's wife does knitting and crocheting of cushions, dolls and afghans.

Another part of their work includes wood-working of candle sticks, ash trays and smoker stands.

Acrylics

Jerry Monroe once worked on a weekly newspaper doing

lay-out and paste-up. Now, he has his own engraving business.

He works with acrylics and like some of the artisans, his designs are his own.

As an example, on display was a chess set and board. It wasn't an ordinary set though, the pieces were plexiglass.

Monroe said the acrylic comes in sheets and then he cuts it into squares, usually one inch by the length he needs.

For the chess pieces, Monroe said he shaped them with a saw and spent about 10

hours sanding and buffing the pieces.

He explained he would buff one set of pieces until they were perfectly clear to have the contrast between the two sets.

The board, he said, was a half inch thick acrylic on which he ruled out the squares. Then, he laminated it with approximately 10 coats of spray.

Monroe estimated that it would take him from 15 to 20

hours in total to complete the job.

He began his business after several years of doing commercial work through his engraving company. "People started asking me if I would do plexiglass engraving," he explained.

Now, he says, most of his business is based on custom orders.

Monroe commented that he enjoyed coming to crafts shows because of "the friends

I make and the people I meet."

He and his wife, who helps with some of the designs, work out of their home in Carlsbad Springs, Ontario, near Ottawa.

Monroe said he also designs planters, knick-knacks and even backgammon boards although he said they are rather difficult because the game requires the players to throw dice which slide along the acrylic surface, often scratching it.

A MESSAGE OF WELCOME FROM THE PRESIDENT

116 years ago, a dedicated group of people met to prepare for the first Agricultural Fair in the County. From these humble beginnings we have seen the Haliburton County Fair grow and expand, yet not lose its identity as a true Agricultural Fair with cattle, swine and horses, vegetable and seed exhibits, jams and jellies, cakes and pastries, sewing, knitting, school art and so on.

As we move farther away from our earlier beginnings, it is exciting to reflect back to those older days and to reminisce about them, and to again prepare a true agricultural type fair for our younger generations to enjoy!

On behalf of the Board of Directors and Members of the Society, I extend a very hearty "Welcome" to you and your families to join us on fair days. We have all been working very hard to make this, our 116th Haliburton County Fair, the showcase of the County!

**Jerry Pillsworth,
President,
Minden Agricultural Society.**

CATHY KINSMAN & FRIENDS TO ENTERTAIN AT HALIBURTON COUNTY FAIR

A real treat is in store for fair-goers this year at our county fair. Cathy Kinsman and her friends will be performing at the grandstand show in the afternoon and the fair dance in the Minden arena at night, August 9.

Cathy grew up in Haliburton County and got her musical start at H.H.S.S. in the high school musicals. At Sheridan College, Oakville, she played the leading roles in the music theatre productions for both years of her training there.

Lately, it has been club shows at many of the golf and country clubs in the Toronto area. A busy schedule ahead includes, daily shows at the C.N.E., "Better Living Theatre" with the Red Mill Theatre Group and a concert at the Oakville Centre on October 20. Over the Christmas season, Cathy will be appearing as "Cinderella" in that production at Hamilton Place, with such notables as Tom Kneebone, Barbara Hamilton and Patricia Dawson.

Joining Cathy at the fair will be her friend Deborah Worobec, just returned from a U.S. tour with the Alex Glover Band. The girls will be backed up instrumentally by four musicians from the Hamilton area.

For an afternoon and evening of musical variety and fun, don't miss the big doings at the fair - August 9, 1980.

A vote of thanks

In any event as large as the Haliburton County Fair, it requires a great deal of organization. The Minden Agricultural Society is grateful for the assistance of the many volunteers who have offered their time and effort to ensure this year's fair is a success.

Leading these volunteers is a dedicated group of individuals who form the executive of the Minden Agricultural Society. Their work, in preparation for the annual event, begins in late fall, when the new executive takes office. Their many hours of work and organization will be evident this weekend as the 116th edition of the Haliburton County Fair takes place.

We salute the members of the Minden Agricultural Society and the directors, who include: Loretta Nesbitt, past

president, Jerry Pillsworth, president, Wayne Cox, first vice president, Dwaine Wruth, second vice president, and Helen Johnson, secretary-treasurer.

Other directors include: May Kernohan, Ray Welch, Mervyn Gilbert, Beatrice Taylor, Bev Connelly, Leone Skead, Margaret Miller, Bill Duncan and Marian Kinsman.

Junior Directors include: Mary Lou Johnson, Darryl Gilbert, Fred Cox, Lynne Cox and Marlaine Wilson.

Associate Directors include: Harry Cowan, Vern Gartshore, Rhonda Francis, Irene Moore, Dea Berry, Mary Jane Irwin, Aileen Blears, Joe Cox, Floyd Miller, Cora Hewitt, Freda Cox, John Francis, Roy Hughes, Harvey MacIntosh, Sinc Nesbitt, Reta Hughes, Ellen Holden, McKay Brydon and Heather Harrington.

Gull Lake cottagers hold annual regatta

Cottagers on Gull Lake and area turned out in full force Saturday for the lake association's annual regatta. The event, one of the highlights of the summer for the cottagers, drew particularly good attendance from young people on the lake.

The event was under the direction of Commodore Fred Dankiw assisted by his family and other members of the cottage association executive including President Dr. William Chambers, vice president F.T. Warren, treasurer Donald D. Rea, Mike Hutchison and Major Glynne Lewis.

A sailing race, held during the late morning, under the direction of Dr. Bill Williams, drew 15 enthusiastic entries including a variety of types and classes. The winner of the event was Robert Beemish, with Reverend W. L. Sharpe placing second and Kirk Hutchison third.

The results of other events during the day included:

Girls crab race (12 and under): first Megg Hutchison, second Donna Hudson, third Lori Reid.

Boys crab race (12 and under): John Kirk, Alex Litwin, Paul Sward.

Girls crab race (16 and under): Joanna Sainsbury, Heather Beamish, Stacey Hurley.

Boys crab race (16 and under): Kevin Sharpe, Jim Todd, Mike Millard.

Boys and girls swim (8 and under): Sarah Sward, tied for second - Kelly Williams and Andrew Reid.

Girls swim (9 and 10): Janet Meldrum, Donna Hudson, Maggie Gurray.

Boys swim (9 and 10): Paul Sward, Steve Meldrum, Chris Birkett.

Girls swim (12 and under): Kim Oliver, Martha Thomas, Lori Reid.

Boys swim (12 and under): Tie for first - Blair Sprogis, Paul Sward; Danny Clarke.

Girls swim (16 and under): Heather Beamish, Martha Thomas, Joanna Sainsbury.

SENIOR LEAGUE

by Linda English

It has been a busy week at Hyland Crest. We started the week of activities with our fun and fitness program and crafts on Monday.

After supper, several residents went to the auditorium to watch movies. "Anik" told us all about a communication satellite. Because of the advanced systems people in Canada can watch programs live from anywhere in the country. The Anik was launched from Cape Kennedy in 1972 and is in orbit 22,200 miles above the equator. The system has been a great asset to the north country.

"Steel Wheels on Steel Rails" was a very interesting film about trains. This kind of transportation is the most economical and efficient. One railway track can transport more goods and people than any major highway.

"Modern Food Packaging" included an interview with Madam Benoit. She explained the advantages and importance of packaging food to keep its freshness and taste.

Tuesday morning, Reverend Don Nicholson of the Haliburton United Church held services in the chapel. Reverend Nicholson will be moving away shortly, and we will certainly miss his inspiring messages.

Wednesday was Carnival day in Minden. We spent the day preparing a float for the parade. The theme was Pioneer days. Inside a log house, Carrie Drysdale was busy washing clothes on a washboard, while yours truly churned the butter. Our float was called "Home Sweet Home". We had a lot of fun participating in the parade, and I would like to say a special thank you to Carrie Drysdale.

Following the float, the Hyland Crest Bus, loaded with our residents, made its way down Main Street. The residents enjoyed the parade and recognized many familiar faces in the crowd. The parade as a whole was really good this year and it was nice to see so many people enjoying it.

The ladies of Club 35 made the birthday tea party a very special occasion on Thursday afternoon. They served raisin bread and cheese

and presented the guests of honour with a lovely decorated cake. Special people celebrating birthdays in July were Lillian Miller, Carrie Jones, Amelia Good, Wilbert Sisson, William Avery and James Voicey.

Friday afternoon,

Gardening under glass

Terrariums enhance the decor of any room and, if you make them yourself, they will add an extra personal touch to your decorating scheme.

To make a terrarium, you will need a container, tools, soil and drainage material, and an assortment of plants.

The container can be any shape or size, but should be made of clear glass. Choose one from your collection of preserve jars, brandy snifters, condiment jars, goblets, fish tanks or bottles. Make sure that your hand will fit through the opening of the container. If the container doesn't have a cover, use plastic wrap to

Grace Coburn and Norma Barron were here to lead us in singing. Everyone enjoys singing the old favorite hymns and songs.

I would like to welcome Mrs. Della Curry, Mrs. Evelyn Pember, Mrs. Mary Oliver, Mr. Gordon Ruppel and Mr. Victor Spenceley to Hyland Crest. We sincerely hope they will enjoy their new home.

control the moisture content and humidity. When condensation builds up in the terrarium, remove the cover until it evaporates.

To reduce the cost of making a terrarium, you can use such house plants as African violets, miniature ivy, peperomia and babies tears. Some plants are suitable for small containers and others for larger containers. It is recommended that you select plants with the same growth requirements for humidity, light and soil.

Supplies for planting terrariums are readily available from greenhouses, plant stores and garden centers. A good soil mixture has one part coarse sharp sand or perlite, one part leaf mold or peat, and one part fibrous loam or a good quality potting soil. Regular garden soil is not recommended. To help with drainage, fine gravel and sphagnum moss should be used. A thin layer of crushed charcoal between the drainage and soil will keep the soil sweet.

Once the terrarium is finished, place it in a bright area but not in direct sunlight. Keep your plants pruned, remove decayed leaves, and transplant occasionally if plants outgrow the container.

Terrariums are decorative in the home and small containers are ideal for gift-giving for any occasion. By using material you have in the home, you can have a very attractive but inexpensive miniature garden.

F. W. Robinson

Frank William Robinson, long time summer resident of Haliburton, passed away at his Boshkung Lake cottage on July 30th.

Mr. Robinson, an ardent fisherman and hunter was in his 91st year. During last fall's deer season, he celebrated his 76th consecutive year of deer hunting at the Minto Brothers Hunt Camp.

His summer cottage which was often referred to as "Robinson's Point", was the site of the first Boshkung Lake Summer Regatta which has over the years grown to be one of the largest in the area.

He will be sadly missed by his children, grandchildren, great-grandchildren, the residents of Boshkung Lake and the hunters of the Minto Camp.

Hwy. 35 south of Minden 286-2794

Guests last week with grandparents Mr. and Mrs. Roy McDonald were Kim and Kelly Moffat of Sharon.

Surprise Sunday night at nine when the Hydro at Haliburton, Kinmount and Minden villages was out for about 4 hours. Some change from all the convenience of a light switch.

Congratulations to Judy and Lonnie Davis on the arrival of their baby boy.

Ruth and Gordon Kellett enjoyed a camping trip in Muskoka.

Visiting with the Harry Earles the past two weeks were Harry's sister, Mrs. Ethel Coleman, and Mr. and Mrs. Ron Hurley of Badger, Newfoundland.

Sorry to report that Rheta Brown was at Civic Hospital, Peterborough for surgery; hope you are on the road to recovery now.

Mr. and Mrs. Wm. Whalen and family and Mrs. Jean Whalen, all from Detroit, and Harold Clark of Castleton and Mrs. Don Farrow visited one day last week with Mrs. Verna Jarvis.

Mr. and Mrs. Lewis Hewitt were to leave from Sydney, Australia for a visit with relatives in our area, hope you have a happy holiday.

Miss Sandra Sears of Toronto is spending her holidays with her parents, the Milton Sears.

Weekend guests with Mrs. Ern Hewitt were Colin Hewitt of Dacre and the Fred Hewitts of Scarborough.

Sincere sympathy goes to the families and friends of the late Lorne Johnson and Paul Bresner whose funerals were held since last week.

The Red Cross Branches of Lindsay and Minden had a very successful Bake Sale and Bazaar on the bank corner, Saturday. The winner of the quilt was Velma Stevenson.

Mr. and Mrs. Blake Hughes were at the Bob Hughes over the weekend, and their young ladies who had been with the grandparents, returned home to Mississauga with them.

Weekend guests with Mrs. Arnold Coulter were Mr. and Mrs. Ray Rivers and family of Downsview.

A heart full of thankfulness,
A thimbleful of care;
A soul of simple hopefulness,
An early morning prayer.
A smile to greet the morning with;
A kind word as the key
To open the door and greet the day
Whate'er it brings to thee.
A patient trust in Providence,
To sweeten all the way,
All these, combined with thoughtfulness,
Will make a happy day.
Anon

Mary Little reports that her three week motor trip to PEI with friends was very enjoyable.

Mr. and Mrs. Ron Earle are home after a pleasant holiday with relatives in Newfoundland.

Congratulations to Bev Brown who was the lucky winner of the \$1,000 at Rotary Bingo last Thursday night. We enjoyed the Rotary Carnival this year, especially the parade which was long and colourful and also the craft display both days.

Mr. and Mrs. Alec Beattie of Richmond Hill have been at their cottage and visiting relatives and friends in the village.

We met Derek Hewitt of Burlington, who was visiting with his parents Mr. and Mrs. George Hewitt and other relatives and friends.

Dianne and Shawn Hagerman and Adam flew to Banff, Alberta, for their week's vacation.

Hi! Well we've sure had some lovely days at last. The weatherman must have heard our complaints. Maybe now August will give us some more of this sunshine. Let's hope so.

The sunshine sure brings out the visitors. Of course the holidays have something to do with it too. Our house was quite busy over the weekend with daughters from Shelburne with their husbands and families. Also Bruce and Bernice and Penny Lacey from Peterborough.

Frank and Anne Dunsford have had visitors all week, Anne's sisters to help celebrate her birthday and a sister-in-law who is visiting for a couple of weeks.

Cindy Roodernburg has gone to Toronto for a week.

Pioneer Days were really enjoyable. Loved all the displays, so now am looking forward to Fair Days.

Mr. and Mrs. Learne from Niagara were up to their cottage for a few days.

The Women's Institute sponsors prizes for School Projects and their display of winning entries will be at the Fair on Saturday. Perhaps you will look for this while there. We ask the winners to please take their items home Saturday evening as we don't know if they will be under security over night.

Coming events are the Library Cultural Group meeting Monday, August 11 at Municipal Hall at 8. The Minden and District Horticultural Society are having their first flower show at St. Paul's Parish Hall Thursday evening August 14 from 7 - 9 and Friday, August 15 from 10 - 4. Come out and see what lovely flowers are in our village.

The river is still running high with water on Monday still over the dock so be careful. Cheerio until next time.

Lines from Lutterworth
by Jean Lacey

Congratulations to Marilyn and Steve Southorn on the birth of their baby boy last week.

Lynn and Tom Astbury have finished their holiday and left for home but will be up for a few odd weekends.

There was an annual regatta held at the University of Toronto Camp on Gull Lake on Saturday. It was well attended and enjoyed by all.

Hint of the Week
Cigarette Smoke: Soak a towel and swish it around the room. Smoke will disappear quickly. Put small bowls of vinegar in 4 corners of the room where smokers are congregating. Or, place activated charcoal in small dishes to remove post-party odors. Also burn candles to eliminate the smoke.

In this world, it is not what we take up, but what we give up, that makes us rich.

Bye for now. Take it easy. God bless till next time.

Weather upsets ball schedule

The weatherman has been playing havoc with the schedule of the Haliburton County Ladies Fastball League.

Three games scheduled for Monday night (July 28) were rained out but will be re-scheduled for next week.

Tuesday evening (July 29) the Minden Seniors travelled to Wilberforce and came out on top 22-7.

The Seniors were led by Nelda Cully, Barb Barnhart and Marg Fielding. Patti Lou Vasey got the win while Susan Rowbottom took the loss.

West Guilford travelled to Irondale to take on the Angels. The Guilford team won the game 14-5. Jean Mc Kay picked up the win while Eileen Simmons took the loss.

Wednesday night the two Snowdon teams, the Stompers and the Angels, played in Lochlin.

The Stompers edged the Angels by a two point margin, 23-21.

The Stompers got home runs from Lyn McElwaine and Colleen Bacon. Audrey

Vick and Anne Burk shared the win and Eileen Simmons took the loss.

Also Wednesday, the Minden Seniors travelled to Gooderham and continued their winning streak by soundly defeating Gooderham 34-12.

Helen Burk was a stand-out as she belted a double, two triples and a grand slam home run.

Marg Fielding and Barb

Here's the team standings as of August 5:

Team	GP	W	L	T	PTS
Carnarvon	21	18	1	2	38
Haliburton	21	16	4	1	33
West Guilford	21	14	6	1	29
Minden Seniors	21	14	6	1	29
Minden Juniors	21	9	10	2	20
Wilberforce	21	5	16	0	10
Gooderham	22	5	17	0	10
Snowdon Angels	21	4	16	1	9
Snowdon Stompers	21	4	17	0	8

Note:
Don't forget the third annual Haliburton County Ladies Softball Tournament which will be held August 16-17. There will be teams from Lindsay, Bancroft, Haliburton County, Woodville and Cobocok. Watch next week for times of all the games.

Tender call for 121 work

Transportation and Communications Minister James Snow has announced that tenders have been called for grading, drainage, granular base and hot mix paving on Highway 503 from 6.0 miles east of Highway 121 easterly for 9.8 miles.

This contract will complete the upgrading of Highway 503 from Kinmount to Tory Hill. The cross section will be widened, intersecting sideroads and drainage improved and guide rails updated as warranted. The realignment of curves will serve to provide a greater standard of safety and improve overall driving conditions.

Tenders will be opened for this project at ministry headquarters in Downsview September 3.
